Yolanda Sandavol Nez also address her concern that when was the Scholarship approved and how did we come to get this passed.

Sherylene Yazzie her response was it was passed during the third year of their term 2015 and that was when it was approved.

Leroy Beyal – What constitutes as a meeting for public hearing he has been here for one and came to attend where there was only about three people.

Harrison Plummer – What constitutes as a meeting is when one person is here and signed

Saralene Yazzie – She is requesting for funding from the chapter for our Veteran's here and is asking the community to set aside some funds for them. She is asking if you can help out a Veteran's from our community. She asked her husband if someone can help out our Veterans and he replied and said No, no one did. So, she is asking that our front

door administration to help him when he is here dumping Trash.

Also, to the Grazing Official she addressed how can we get some help to get these wild dogs addressed and it's a priority and these dogs attacked a child here. Also Cows please addressed that there are a few that straggled around are not kept in checked.

Laura – Comment she goes to Manuelito Chapter with her husband, so they went to the Chapter and therefore she told a joke. She knows after working in HR no one looks at the deadline of an application, So, for students we need to remind them of all deadline. So, she would like to remind the Chapter Administration to maybe lenient and would maybe that's what we should be easy on the Children.

Harrison Plummer – When he began this term her ran his meeting all English and thereafter, he was told to learn the Navajo Language so no he runs it both ways.
