Chavez John – did research of the Plan of Operation handbook. The internet has one that is dated 2011 and one given to us is dated April 27, 2017 and another that's dated November 2, 2021.

There was a resolution on CY-2022-09, for reaffirmation for POO April 27, 2017, which still exists, and This resolution was tabled,

Dianna – cancellation of chapter meeting, does it pertain to Clubc meeting too?

Chavez – when he was a chapter official, they left it up to the family to come forward and request to have chapter meeting cancelled.

Dianna – we can cancel clubc meeting when a family member requests

Chavez – will forward resolution for Plan of Operation to chapter officials

Dianna - Clubc meeting need be the 4th Tuesday of the month

Chavez – reminded us Clubc meets only to recommend and not to implement

Lillian – only time we see a lot of community members is when its election day, at clubc and chapter meetings, we are making decisions for younger generations

Leroy mentioned when he was an official, we use to have training and administration monthly & quarterly meetings, that's not happening today.

Chavez – also mentioned they use to have administrative meetings when he was in office.

Evelyn – hard to communicate with Chapter President because she is really busy
Community members really need to say what they want at the chapter meeting,
When I sign a check, I am being asked by both officials, why, when, etc.

Lillian - why can't you run the meeting, when the president is busy, you're the VP, your signature is just as good. Some official are truly here for our people

Chavez – if budget is approved, an official has authority to sign checks, President, Vice President and an alternative, see Title 26.

Dianna – is it true, anyone can build a home on NN, if they are from another area to an area of their choice.

Chavez – Yes

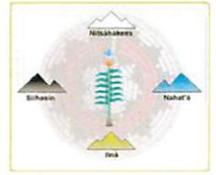

Lillian – a chapter would need a grazing official that knows the history of the area

Chavez – would like to do a presentation. A lot of information from this slide show is interesting and good to know for us. This a slide show that is dated March 31, 2012 and was shown at a training. The slide show starts with the Treaty year 1868 and how much of Navajo land was issued to Navajos from the government and showed how NN has accumulated more lands to today.

Overall we all enjoyed the slide show.
